TRY AN OLD TRICK

DEMOCRATIC LEADERS DISCOVER A SCHEME

TO KEEP DEMOCRATS AWAY

From Polls on Election Day—Would Make Them Feel That Their Vote is Not Needed.

The following is a dispatch from Jefferson City to the St. Louis Republic in regard to the Republican plan to concede the state to the Democrats in an effort to get a number away from the polls:

Attorney General Major is in this city resting after his strenuous campaign of a month.

General Major is enthusiastic, feeling positive that every county which formerly was close will go heavily Democratic and that party strongholds will do better than ever. The only question, he says, is how large the majority is going to be.

Information has reached here that Republicans are resorting to an old trick to keep Democrats away from the polls. The game is for certain leaders to concede the state to the Democrats by 25,000, so that those who have important business on election day or who reside some distance from the polls will not trouble themselves to vote because of the feeling that victory is certain.

If a large number of Democrats are persuaded to remain from the polls the victory will not be as sweeping as conditions specify it should be. It will enable the Republicans, it is said, to rebuild their demoralized machine and say that defeat was only due to the division when the Roosevelt followers left their ranks and organized a party of their own.

From information which has reached here it is expected that fully 15,000 Republicans will vote for Wilson and Major. In Kansas City the Democrats will sweep everything, with the bolting second. In North Missouri the Democrats will carry counties which have not been in either column for thirty years.

In Putnam county, where the Republican nominee for governor, John C. McKinley, comes from; Sullivan, the son of John E. Swanger, Gov. Hadley's bank commissioner; Mercer, Harrison, Clark, Adair, Knox, Grundy, Worth, Gentry, Nodaway, Dekalb, Davies and three or four other counties will have much of a Republican vote, according to the admissions of stand-pat orators, the Progressives having swallowed up the most of it. Many Republicans here intend to vote the Democratic ticket.

Gov. Hadley is credited with admitting to a friend Saturday night on the way from St. Louis to Jefferson City that the Democrats had the state by 25,000. It is also freely circulated here that Chairman Politt Elvins of the Republican state committee has made a similar admission.

It is said that McKinley is the only Republican nominee who has any hope left that the Republican party will make more than a weak showing. That he is trying to excuse his attitude on the printing of school books by convicts is shown by the work some appointees of Gov. Hadley, who are union men, are doing in an attempt to "square" him with the rank and file.

TO ATTEND DISTRICT MEETING.

Convention of District No. 1, W. R. C., Will Be Held in St. Joseph on Thursday.

The eighteenth anniversary convention of District No. 1, W. R. C., will be held in St. Joseph on Thursday. The Maryville corps is in this district, and a number from here will attend the meeting. Those who are expected to go are Mrs. J. B. Moore, Mrs. John Bailey, Mrs. J. W. Morris and Mrs. N. F. Hopper, the delegates; Mrs. John Herron, Mrs. G. A. VanSteenbergh, Mrs. Glover Kelley, Mrs. L. L. Holbrook, Mrs. Catherine Miller and Mrs. R. S. Braniger, who is the president of the local corps. Many of the district officers of the corps are from Maryville and are: Mrs. Lavina Catterson, treasurer; Viola Croy, conductor; Mrs. Dora Clayton, guard; Mrs. Linnie Braniger, assistant conductor; Mrs. Amanda Shipps, assistant guard.

A MOCK TRIAL.

Will Be Feature of Social Friday Evening.

The eldest son of the minister of the First Baptist church, Rev. Lee Hargel, is to be tried on a charge of chicken stealing Friday evening in the parlors of the church. The majority of the young people of the church have confidence in the young man and believe him innocent of the charge against him. Some are in doubt, however, and in order to suit all parties concerned, among whom are a deacon or two, a trial will be held to prove his guilt or innocence, as the case may be.

This trial is to be a feature of the tacky social to be given at that place Friday evening. Following is the cast of characters:

Judge O'Flannigan, in the person of Prof. Westbrook, will judge the case. Edgar Hall will act as Sheriff Percy.

Attorney for the prosecution, Prosecuting Attorney Wankles (John Anderson). Assistant Prosecuting Attorney Sausage (Ursula Crockett).

Counsel for the defense is Mr. Gravy, in the person of Goodson Lytle, and Roy David as Attorney Sparberis.

The prosecuting witness will be F. W. Olney, or Relentless Rudolph Handscrabble, who lost two Rhode Island Red chickens on Sunday night, October 20, at 12:30 o'clock. He asserts that they were carried away in a sack. Other witnesses will be A. M. Bennett, as Deacon Huffstutter; Clarence Cook, as Peaceful Henry; Walter Frazer, as Hoopsnakes; Louis DeHart, as Monsieur DeHart; Ed McDonald, as Hiram Doolittle; Len Daise, as Mis-souri Pippin.

The defendant's real name in the case is the real known Col. Arbuckle (C. Harrel). Donald Frazer will act as Prof. Scribblequick, the court reporter.

On Visit to Sister.

Mrs. Yates Cox, living south of Maryville, went to St. Joseph Wednesday morning with Mr. and Mrs. William Langan, and will spend the day at the home of their daughter, Mrs. W. C. Baker. Mrs. Cox will go to Kansas City Wednesday evening for a visit with her sister, Mrs. John W. Wilcox.

Returns to Stage Work.

Miss Helen Paul, who has been making her home with Dr. and Mrs. G. A. Nash since last March, left for Kansas City Wednesday morning to meet her mother, Mrs. Blanche Iler, and they will leave that city in a few days with a stock company for the coming theatrical season.

INCREASE OF LOANS

STATISTICS SHOW AN INCREASE OF FARM LOANS.

A BIG GAIN SINCE 1900

Mortgages Increase 17 Per Cent, But Farm Values Also Increase, Which Increases the Equities.

Statistics with reference to mortgage indebtedness of the farms of the United States are given in a report soon to be issued by Director Durand of the bureau of the census, department of commerce and labor.

The total number of farms in the United States operated by their owners, which were mortgaged in 1910, is 1,327,439; while 2,621,283 were reported as free from mortgage. These figures show an increase since 1900 of 17.7 per cent in the number of farms mortgaged; and of 4.4 per cent in the number of farms free from mortgage. The report will show that 58,104 farms were operated by managers—a decrease of 1.7 per cent since 1900 and 2,354,676 farms were operated by tenants, an increase of 16.3 per cent since 1900. No statistics pertaining to mortgage indebtedness were secured for farms operated by tenants or hired managers. It would be practically impossible in many cases to reach the owners of such farms to ascertain the facts.

The total value of the land and buildings of the 1,006,511 farms for which both the fact of mortgage indebtedness and its amounts were reported was \$6,330,999,000, or 27.3 per cent of the value. The corresponding proportion in 1890 as shown in the reports was 35.5 per cent. There was thus, during the twenty years a marked diminution in the relative importance of mortgage debt on farms mortgaged, due primarily to the very rapid increase in the value of the land in farms. The average amount of mortgage indebtedness per farm increased from \$1,224 in 1890 to \$1,715 in 1910, but the average value per farm increased from \$3,444 to \$6,289, and therefore the owner's equity per farm increased from \$2,220 to \$4,574, or more than double.

The statistics with reference to the number of farms mortgaged for the past three censuses are not precisely comparable although nearly so. At the census of 1910 questions as to mortgage debt applied to all farms operated by owners, while at the two preceding censuses they applied only to the smaller class of "owned farm homes," those farms occupied by their owners as homes.

AS CAMPAIGN LITERATURE.

Individual Drinking Cups Being Used in Campaign at Carthage, Mo.

Public opinion moves rapidly and the innovation of yesterday is the commonplace of today. It is only a short time since the suggestion of individual drinking cups was regarded as an advanced hygienic proposition. Today they are not only accepted as customary in many parts of the country but in one locality, at least, they have been used as factors in the political game. The newspapers of Carthage, Mo., announce that one of the candidates for sheriff is giving a practical demonstration of his belief in the enforcement of sanitary laws. In his campaign for election he is using paper folding sanitary drinking cups as campaign literature. Each cup bears a picture of the candidate and a statement of his candidacy. So far as we are aware, says the Journal of the American Medical Association, this is the first time that the individual drinking cup has been used to promote politics as well as good health. The possibilities of this plan are almost unlimited and numerous elaborations will no doubt suggest themselves to our readers and to future candidates. It is encouraging to see the position of a candidate on sanitary questions made an issue in a political campaign.

On the Petit Jury.

The following Nodaway county men are on the petit jury in the federal court at St. Joseph this week: C. H. Lunte, Pickering; J. C. Pistole, Hopkins; C. D. Hocker, Guilford; H. Montgomery, Skidmore, and Walter Freytag, Graham.

Mrs. Jesse Miller went to St. Joseph Wednesday morning to spend the day.

Mrs. O. C. Hanna went to St. Joseph Wednesday morning to visit her sister, Mrs. George C. Toel.

Mrs. Ed Cassel went to Pockering Wednesday to spend several days with Mrs. Joseph Everhart.

Mrs. George Porterfield, who has been assisting in caring for her sick sister, Mrs. Neal Mozingo, returned to her home in Pickering Wednesday afternoon.

CARSON GETS TWO YEARS.

Sentenced to Federal Prison for That Time by Federal Judge in St. Joseph.

Ben F. Carson, well known as a police character in Maryville, was sentenced Tuesday afternoon to two years in the federal penitentiary at Fort Leavenworth, Kan., by Judge Van Valkenburgh in federal court at St. Joseph. Carson was charged with white slavery. Lottie Pool was the prosecuting witness.

Carson and the Pool woman are known here, as they were arrested by the police authorities of Maryville during the summer, charged with living together. Their case was tried before Mayor Robey and both were fined \$25. Before they paid the fine both of them skipped out, and the first heard of them was at St. Joseph, when they were arrested by the police of that city. The Pool woman was brought back to Maryville to serve out her fine in the city jail, while Carson was held at St. Joseph on a white slave charge. Carson's attorney in the federal court was Wm. G. Sawyers.

TOOK COOMBS TO THE ASYLUM.

Young Man, Who Lives Near Clearmont, Became Violently Insane This Week.

Charles Coombs, about 30 years old, who became violently insane this week, was taken to the asylum at St. Joseph Tuesday morning by Sheriff Tilton. The condition of Coombs was examined by County Physician Martin and other doctors, and they were of the opinion that the man was insane and would harm himself if kept here. So it was decided to take him to the asylum, and the county court will pass on the case at their meeting in November. Coombs is a son of George Coombs of Clearmont, and the young man raised quite a disturbance in Maryville Monday night at the Thornton home. On Tuesday at the county jail he swore at everybody and tore up everything he could break. He told everyone he wanted his fiddle and his fiddle he was going to have.

FEW CASES OF IMPORTANCE

Are on the Docket for the November Term of Court.

The November term of circuit court, which will meet on Monday, November 11, is about the usual docket, caused so by a number of cases being continued from the June term of court, owing to the farmers being busy at that time. There will not be many cases of importance to come to trial, and there will be only a few sensational cases and these are not very important.

On the docket for this term will be eighteen parole cases, forty-six criminal cases, forty-five equity cases and one hundred and fifty-six trial cases, or two hundred and sixty-five cases altogether. There will also be eighteen divorce cases, this being the largest number of divorces on the docket.

Miss Mabel Martin went to St. Joseph Wednesday morning to visit a few days with the family of her brother, B. Raleigh Martin.

FOR CLEANER FOOD

EFFORTS OF MARYVILLE MERCHANTS IS ENDORSED.

MARYVILLE LADY SPEAKS

And Urges Milk and Meat Inspection, Cleaner Streets, the Cultivation of Flowers and Other Things.

Editor Democrat-Forum: In behalf of the honor of our city and the women who are working for the betterment of American life in every phase, I think that the efforts of our local merchants to give us clean, pure food should be encouraged and commended. The women's clubs, civic leagues, consumers' leagues and Dr. Harvey Wiley are working together in a great national movement for pure food, pure drugs, honest labels and honest weights.

We feel the influence of this here in Maryville. A local bakery has announced that all bread will be wrapped in a sealed wrapper as it comes from the oven. This is the most important move toward clean bread that could be made. Hereafter the bread crust will be free from dirt and contamination in handling. While this is one of the most important changes made in the interest of clean food, other merchants are to be commended for their efforts in this cause. Our candy stores have put in glass cases that protect the candy from the dirt of the street, and most of our grocery stores have ice boxes which preserve the fruits and keep them from the dust. Much has been accomplished in this fight for a clean food supply, and every citizen should show his appreciation and should encourage other needed reforms.

Let us work for clean streets, proper disposal of garbage and the beautification of our town by well kept lawns and the cultivation of flowers. Inspection of meat and of milk, while not as necessary here as in a large city, would be a good move toward clean food.

Let the women, who are the buyers of the country, insist on clean foods, explicit labels on all paper packages and tinned goods as to age, character, contents and exact weight, and the manufacturers will be compelled to comply with their demands.

Patent medicine fakers, dishonest labels, chemically preserved foods and unclean foods will be taken off the market as soon as public sentiment demands it.

As women of Maryville, let us encourage our merchants in this fight, and let us join in this great national crusade that means so much to our American homes.

A DAUGHTER OF THE AMERICAN REVOLUTION.

The work of remodeling the F. M. Petty residence, on South Main street by the Christian Scientist church of this city, who purchased the property for a church home, has commenced. The three rooms on the first floor on the south side of the residence are being made into a church auditorium for the present use of the members until they are able to remodel the building completely for church services.

The remainder of the residence has been leased to Mrs. N. F. Humber, who will occupy it for a residence.

THE PROGRESSIVE RALLY.

Candidates Norton and Robinson Discuss Platform and Issues.

The first Progressive political rally was held in Maryville Wednesday afternoon, and a good sized crowd was in attendance at the meeting, which was held in the court house.

The meeting was opened with divine blessing by Rev. C. H. John. N. Sisson, member of the Progressive party state committee, presided, and told what the purpose of the meeting was, being to discuss the Progressive party, its purposes and its platform.

F. P. Robinson of this city, who is the party's candidate for congressman, spoke in the interest of his candidacy for congressman. Mr. Robinson did not speak long.

Judge Albert D. Norton, the party's candidate for governor of Missouri, followed Mr. Robinson and spoke of the platform, going into details. He told of the pledge of the party to abolish night work for women and all factory work for children, and said "the big special interests that dominate the old parties don't want such legislation as proposed by the Progressive party. That's one reason why they oppose the party and are fighting Col. Roosevelt."

Judge Norton and Mr. Robinson left this afternoon after the meeting for St. Joseph, where they will speak this evening.

Mrs. Ellis Lee of Wichita, Kan., and Miss Nan Hampton of Shell City, Mo., who were called to Maryville last week by the death of their sister, Mrs. F. W. Jacobs, left for their homes Wednesday. Miss Hampton stopped in Kansas City for a few days before going home.

Time It! No Sour, Gassy Stomach or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pappe's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pappe's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

ary drill. After an interesting discussion of the business of the club the program for the afternoon was taken up.

Mrs. S. R. Beech gave the outline of act 2 of Hamlet. The questions assigned the various members were satisfactorily answered, and the discussion led by Mrs. Gallatin Craig. Miss Sheila Harris of St. Louis told most interestingly of her study of Hamlet under the late Mr. Walter Sheldon of her home city, and gave the members several valuable suggestions for further study of the play. Mrs. G. B. Holmes gave the word drill, and in the absence of Miss Dooley, her notes on current events were read by Mrs. J. F. Montgomery.

The next meeting of the Shakespeare division will be held with Mrs. G. B. Holmes on November 12, when act 3 of Hamlet will be studied.

Miss Helen Rankin to Wed.

Announcement of two weddings, one at Tarkio and the other at Maitland, will be of special interest to the young society folk of Maryville, who have personal acquaintance with parties to the wedding. The first one will be that of Miss Helen Rankin, daughter of Mr. and Mrs. W. F. Rankin of Tarkio, to Mr. James Blaine Shaum, also of Tarkio. The marriage will take place Thursday evening, October 24, at the home of the parents of the bride-elect. Mr. Shaum, the bridegroom-to-be, is the youngest son of B. F. Shaum of Tarkio, at one time a Maryville business man and in partnership in the hardware business with Judge John Curfman of Maryville. The young man is a successful real estate dealer. W. F. Rankin, the father of the bride-to-be, is well known in Maryville, as he is a member of the board of regents of the Normal. The second wedding is that of Miss Katherine Gelvin, daughter of Mr. and Mrs. D. A. Gelvin, to Mr. Walter Rankin, son of D. A. Rankin of Tarkio, which will take place at the bride's home on Tuesday, October 29. Mr. Rankin and Miss Rankin are cousins. A sister of Miss Gelvin, the bride-elect, Mrs. George Curfman of Salida, Col., is in Maryville on a visit to Mr. Curfman's parents, Judge and Mrs. John Curfman, and will go to Maitland in a few days to attend her sister's wedding.

THE DEATH OF ED ANDERSON.

Particulars of the Accidental Shooting That Ended Former Maryville Man's Life.

Maryville relatives have just received the particulars concerning the death of Edward Anderson of New Rockford, N. D., formerly of Maryville, who was accidentally shot one day last week. The following is the account from a New Rockford paper that gives the particulars of the accident:

New Rockford people were painfully shocked early Wednesday forenoon to learn that Contractor E. M. Anderson had been accidentally shot by Manager Louis Sundquist of the Welles Lumber company, and more than grieved when the unfortunate man died from the effects of his wound, about 11 o'clock the same night.

Soon after breakfast the two men were chatting with Manager C. H. Nobes of the Great Western elevator, when the trio noticed a weasel running over the lumber piles. It ducked and darted about over and between the boards and timbers, and came up with a mouse. Mr. Anderson suggested to Mr. Sundquist that he go and get his gun, a 22-calibre rifle, and shoot the frisky little animal. "Louie" at first demurred, but when Anderson and Nobes agreed to watch the weasel, he went to the office and came back with the weapon. Nobes was at one end of the lumber pile with a lath, and Anderson at the opposite end, snidishly armed. Sundquist missed the first shot, when Anderson called to him to try again. Sundquist responded to "keep out of the way," and Anderson replied: "All right, shoot away!" This shot hit the weasel, killing it, and must have glanced while Anderson was once more "peeking" to see the result. The bullet struck him in the right eye, and he became unconscious soon after being taken into the lumber office.

Drs. McLachlan, MacKenzie and Crawford were hastily summoned, and found that the eye had been penetrated and torn out, and the bullet lodged in the base of the brain. The unfortunate man was taken in an auto to the home of Miss Roadson, where he never regained consciousness—passing away at 11 o'clock Wednesday night.

Mr. Anderson came to New Rockford early last spring from Aberdeen, S. D., to work at his trade of carpentering, and later began contract work on his own account. He was very popular and successful, and had decided to make his home in this city. Mrs. Anderson and three bright little daughters—the eldest 6 years of age—arrived here last week, and are overwhelmed by the sudden and tragic bereavement that has befallen them.

It is needless to attempt to express in mere words the great sorrow felt by Mr. Sundquist over the sad ending of the most distressing affair. He and Ed were warm friends, little thinking that their frequent companionship was fated to terminate in so terrible a manner.

Deceased was about 35 years of age. He was a member of the Modern Woodmen at Aberdeen, carrying \$2,000 protection for his family in that society.

BERNEY HARRIS

Maryville's Big and Only One Priced Clothier

mired, for girls seem to have a desire to be so manly, so loud, not only in mannerism, but in talk and dress, many of the pastimes of women. The majority of men, I think, really prefer the quiet lady-like girl with a soft, sweet voice, an affectionate disposition, and the girl who knows how to be a little lady, not only in her manners but talk.

Loud talking and slang words are not for the lady-like girl, and although

one people tolerate loose manners, some girls have, they do not really admire it.

Far more to be appreciated is the girl who openly avows that she likes nice clothes and is given over to many little feminine vanities, than the one who dresses so manly, and who imitates the walk of her brother, though she may be able to discuss the most abstruse subjects with an air of confidence, knowledge that her elders respect her as a peer.

To be a lady-like woman does not mean that one need adopt fads and follies indiscriminately. The woman who can make her home bright and attractive, who can be the model hostess as well as wife and mother, who is well informed and able to talk intelligently, yet who is wise enough to realize that woman's privileges are preferable to woman's rights, is the girl or woman we must all admire, and the one fit to be taken to any honorable man's heart.

NEW MEANING OF GOVERNMENT.

Woodrow Wilson Says Government
Should "Keep House" for the
Whole People.

In the November Woman's Home
Companion, Woodrow Wilson, Demo-
cratic candidate for the presidency,
writes an article entitled "The New
Meaning of Government." Its central
idea is that those whom we send to
Washington to govern us ought to
"keep house" for the whole people.
The following is an extract:

"Every dollar that the government
spends ought to be spent as carefully
as if the resources of the country were
limited. Every dollar of expenditure
ought to mean something done or pro-
vided for the people. Waste is also
weakness. Inefficiency brings confu-
sion.

"It is part of the new meaning of
government, therefore, that its re-
sources are not to be put at the dis-
posal of a governing class or of any
limited set of governing influences, but
that those who exercise its authority
must 'keep house' for the whole peo-
ple; must use the money raised by
taxes as if it were expended in trust to
produce the best possible results in the
ordering and stimulation of our life.

It is an interesting circumstance
that government is becoming less and
less a business for politicians; that
minds and energies of every kind are
turning toward it as part of the gen-
eral enterprise of life. The reason
we want our government to be free
from every kind of private or narrow
control is that we want to have it see
more things than it would see if it
served only a few. Those who conduct
it ought to have the vision of the na-
tion itself--ought to be sensitive to
impulses from every quarter. The
statesman should sit down with the
philanthropist, with the engineer, with
the forest expert, with the student of
soils and agricultural methods, with
masters of technical and vocational
education as well as with financiers
and lawyers and manufacturers and
merchants and those whose interests
have usually been at the center of
policy. Though he cannot himself
keep the life of the nation as a whole
in his mind, he can at least make sure
that he is taking counsel with those
who know, that his sympathies may be
open upon every side, and that he may
seek to serve civilization and human-
ity, not a party or any selfish pro-
gram."

UGH! HOW CHILDREN

HATE CASTOR OIL.

To Clean the Little One's Stomach,
Liver and Waste-Clogged Bowels
Give Gentle "Syrup of Figs."

Look back at your childhood days.
Remember the physic that mother in-
sisted on--castor oil, calomel, cathar-
tics. How you hated them, how you
fought against taking them.

With our children it's different. The
day of harsh physic is over. We don't
force the liver and thirty feet of bow-
els now; we coax them. We have no
dreaded after effects. Mothers who
cling to the old form of physic simply
don't realize what they do. The chil-
dren's revolt is well founded. Their
little stomachs and tender bowels are
injured by them.

If your child is fretful, peevish, half
sick, stomach sour, breath feverish and
its little system full of cold; has diar-
rhea, sore throat, stomach ache;
doesn't eat or rest well--remember--
look at the tongue, if coated, give a
teaspoonful of Syrup of Figs, then
don't worry, because you surely will
have a well, smiling child in a few
hours.

Syrup of Figs being composed en-
tirely of luscious figs, senna and ara-
matics simply cannot be harmful. It
sweetens the stomach, makes the liver
active and thoroughly cleanses the lit-
tle one's waste clogged bowels. In a
few hours all sour bile, undigested
fermenting food and constipated waste
matter gently moves on and out of the
system without griping or nausea.

Directions for children of all ages,
also for grown-ups, plainly printed on
the package.

By all means get the genuine. Ask
your druggist for the full name, "Syrup
of Figs and Elixir of Senna" prepared
by the California Fig Syrup Co. Ac-
cept nothing else.--Advertisement.

LET ME SHOW YOU WYOMING!

You may have questioned some of
the statements you have heard about
the wonderful crop yields obtained by
Wyoming farmers--particularly those
in the Big Horn Basin, but if you will
visit that country and talk with some
of the farmers from Illinois, Iowa and
Missouri who have settled there, you
will readily understand why they feel
so optimistic.

A former Iowa man recently wrote
me as follows:

"I believe there is no better location
in the west than just where I am, and
I heartily advise my friends to look
over the fine irrigated land that is
open to entry on the Shell creek tract,
if they are interested in acquiring a
home in a progressive, rapidly devel-
oping locality. I have planted an apple
orchard on part of my land and
shall enlarge it considerably this next
spring; during this past season I re-
ceived returns that were more than
satisfactory from quite an area which
I truck farmed, in spite of the fact
that this was the first year the land
had been cultivated."

What this man has done is not at
all unusual. There is no good reason
why you can't do it, too, provided you
get your place picked out before all
the good land is taken up.

In order to make it easy for you
to look the basin over without too
much expense, the Burlington Route
will run special homeseekers' excur-
sions from Omaha on October 15th and
November 5th. Can't you go with me
and see for yourself just what the op-
portunities are in this section?

Just write me on what day you can
go--a postal will do, and I will send
you our folder and tell you just how
and where to meet me in Omaha. D.

lington Route, room 338, Q building,

DAILY DEMOCRAT FORUM

Largest Circulation of any Daily Paper in any Missouri Town of 5000 Population

VOLUME 3.

MARYVILLE, MISSOURI, WEDNESDAY, OCT. 23, 1912.

NO. 122.

TRY AN OLD TRICK

DEMOCRATIC LEADERS DISCOVER A SCHEME

TO KEEP DEMOCRATS AWAY

From Polls on Election Day—Would Make Them Feel That Their Vote is Not Needed.

The following is a dispatch from Jefferson City to the St. Louis Republic in regard to the Republican plan to concede the state to the Democrats in an effort to get a number away from the polls:

Attorney General Major is in this city resting after his strenuous campaign of a month.

General Major is enthusiastic, feeling positive that every county which formerly was close will go heavily Democratic and that party strongholds will do better than ever. The only question, he says, is how large the majority is going to be.

Information has reached here that Republicans are resorting to an old trick to keep Democrats away from the polls. The game is for certain leaders to concede the state to the Democrats by 25,000, so that those who have important business on election day or who reside some distance from the polls will not trouble themselves to vote because of the feeling that victory is certain.

If a large number of Democrats are persuaded to remain from the polls the victory will not be as sweeping as conditions specify it should be. It will enable the Republicans, it is said, to rebuild their demoralized machine and say that defeat was only due to the division when the Roosevelt followers left their ranks and organized a party of their own.

From information which has reached here it is expected that fully 15,000 Republicans will vote for Wilson and Major. In Kansas City the Democrats will sweep everything, with the bolters running second. In North Missouri the Democrats will carry counties which have not been in either column for thirty years.

In Putnam county, where the Republican nominee for governor, John C. McKinley, comes from; Sullivan, the home of John E. Swanger, Gov. Hadley's bank commissioner; Mercer, Harrison, Clark, Adair, Knox, Grundy, Worth, Gentry, Nodaway, Dekalb, Davies and three or four other counties will not have much of a Republican vote, according to the admissions of stand-pat orators, the Progressives having swallowed up the most of it. Many Republicans here intend to vote the Democratic ticket.

Gov. Hadley is credited with admitting to a friend Saturday night on the way from St. Louis to Jefferson City that the Democrats had the state by 25,000. It is also freely circulated here that Chairman Politt Elvins of the Republican state committee has made a similar admission.

It is said that McKinley is the only Republican nominee who has any hope left that the Republican party will make more than a weak showing. That he is trying to excuse his attitude on the printing of school books by convicts is shown by the work some appointees of Gov. Hadley, who are union men, are doing in an attempt to "square" him with the rank and file.

TO ATTEND DISTRICT MEETING.

Convention of District No. 1, W. R. C., Will Be Held in St. Joseph on Thursday.

The eighteenth anniversary convention of district No. 1, W. R. C., will be held in St. Joseph on Thursday. The Maryville corps is in this district, and a number from here will attend the meeting. Those who are expected to go are Mrs. J. B. Moore, Mrs. John Bailey, Mrs. J. W. Morris and Mrs. N. F. Hopper, the delegates; Mrs. John Herron, Mrs. G. A. VanSteenbergh, Mrs. Glover Kelley, Mrs. L. L. Holbrook, Mrs. Catherine Miller and Mrs. R. S. Braniger, who is the president of the local corps. Many of the district officers of the corps are from Maryville and are: Mrs. Lavina Catterson, treasurer; Viola Croy, conductor; Mrs. Dora Clayton, guard; Mrs. Linnie Braniger, assistant conductor; Mrs. Amanda Shipp, assistant guard.

A MOCK TRIAL.

Will Be Feature of Social Friday Evening.

The eldest son of the minister of the First Baptist church, Rev. Lee Harrel, is to be tried on a charge of chicken stealing Friday evening in the parlors of the church. The majority of the young people of the church have confidence in the young man and believe him innocent of the charge against him. Some are in doubt, however, and in order to suit all parties concerned, among whom are a deacon or two, a trial will be held to prove his guilt or innocence, as the case may be.

This trial is to be a feature of the tacky social to be given at that place Friday evening. Following is the cast of characters:

Judge O'Flannigan, in the person of Prof. Westbrook, will judge the case. Edgar Hull will act as Sheriff Percy.

Attorney for the prosecution, Prosecuting Attorney Wences (John Anderson). Assistant Prosecuting Attorney Sausage (Ursula Crockett).

Counsel for the defense is Mr. Gravy, in the person of Goodson Lytle, and Roy David as Attorney Sparber. The prosecuting witness will be F. W. Olney, or Relentless Rudolph Hardscrabble, who lost two Rhode Island Red chickens on Sunday night, October 20, at 12:30 o'clock. He asserts that they were carried away in a sack. Other witnesses will be A. M. Bennett, as Deacon Huffstutter; Clarence Cook, as Peaceful Henry; Walter Frazier, as Hoopsnakes; Louis DeHart, as Monsieur DeHart; Ed McDonald, as Hiram Doolittle; Len Daise, as Missouri Pippin.

The defendant's real name in the case is the real known Col. Arbutkles (C. Harrel). Donald Frazier will act as Prof. Scribblequick, the court reporter.

On Visit to Sister.

Mrs. Yates Cox, living south of Maryville, went to St. Joseph Wednesday morning with Mr. and Mrs. William Langan, and will spend the day at the home of their daughter, Mrs. W. C. Baker. Mrs. Cox will go to Kansas City Wednesday evening for a visit with her sister, Mrs. John W. Wilcox.

Returns to Stage Work.

Miss Helen Paul, who has been making her home with Dr. and Mrs. G. A. Nash since last March, left for Kansas City Wednesday morning to meet her mother, Mrs. Blanche Her, and they will leave that city in a few days with a stock company for the coming theatrical season.

INCREASE OF LOANS

STATISTICS SHOW AN INCREASE OF FARM LOANS.

A BIG GAIN SINCE 1900

Mortgages Increase 17 Per Cent, But Farm Values Also Increase, Which Increases the Equities.

Statistics with reference to mortgage indebtedness of the farms of the United States are given in a report soon to be issued by Director Durand of the bureau of the census, department of commerce and labor.

The total number of farms in the United States operated by their owners, which were mortgaged in 1910, is 1,327,439; while 2,621,283 were reported as free from mortgage. These figures show an increase since 1900 of 17.7 per cent in the number of farms mortgaged; and of 4.4 per cent in the number of farms free from mortgage. The report will show that 58,104 farms were operated by managers—a decrease of 1.7 per cent since 1900 and 2,354,676 farms were operated by tenants, an increase of 16.3 per cent since 1900. No statistics pertaining to mortgage indebtedness were secured for farms operated by tenants or hired managers. It would be practically impossible in many cases to reach the owners of such farms to ascertain the facts.

The total value of the land and buildings of the 1,006,511 farms for which both the fact of mortgage indebtedness and its amounts were reported was \$6,330,000,000, or 27.3 per cent of the value. The corresponding proportion in 1890 as shown in the reports was 35.5 per cent. There was thus, during the twenty years a marked diminution in the relative importance of mortgage debt on farms mortgaged, due primarily to the very rapid increase in the value of the land in farms. The average amount of mortgage indebtedness per farm increased from \$1,224 in 1890 to \$1,715 in 1910, but the average value per farm increased from \$3,444 to \$6,289, and therefore the owner's equity per farm increased from \$2,220 to \$4,574, or more than double.

The statistics with reference to the number of farms mortgaged for the past three censuses are not precisely comparable although nearly so. At the census of 1910 questions as to mortgage debt applied to all farms operated by owners, while at the two preceding censuses they applied only to the smaller class of "owned farm homes," those farms occupied by their owners as homes.

AS CAMPAIGN LITERATURE.

Individual Drinking Cups Being Used in Campaign at Carthage, Mo.

Public opinion moves rapidly and the innovation of yesterday is the commonplace of today. It is only a short time since the suggestion of individual drinking cups was regarded as an advanced hygienic proposition. Today they are not only accepted as customary in many parts of the country but in one locality, at least, they have been used as factors in the political game. The newspapers of Carthage, Mo., announce that one of the candidates for sheriff is giving a practical demonstration of his belief in the enforcement of sanitary laws. In his campaign for election he is using paper folding sanitary drinking cups as campaign literature. Each cup bears a picture of the candidate and a statement of his candidacy. So far as we are aware, says the Journal of the American Medical Association, this is the first time that the individual drinking cup has been used to promote politics as well as good health. The possibilities of this plan are almost unlimited and numerous elaborations will no doubt suggest themselves to our readers and to future candidates. It is encouraging to see the position of a candidate on sanitary questions made an issue in a political campaign.

On the Petit Jury.

The following Nodaway county men are on the petit jury in the federal court at St. Joseph this week: C. H. Lunte, Pickering; J. C. Pistole, Hopkins; C. D. Hocker, Guilford; H. Montgomery, Skidmore, and Walter Freytag, Graham.

Mrs. Jesse Miller went to St. Joseph Wednesday morning to spend the day.

Mrs. O. C. Hanna went to St. Joseph Wednesday morning to visit her sister, Mrs. George C. Toel.

Mrs. Ed Cassel went to Pickering Wednesday to spend several days with Mrs. Joseph Everhart.

Mrs. George Porterfield, who has been assisting in caring for her sick sister, Mrs. Neal Moring, returned to her home in Pickering Wednesday afternoon.

CARSON GETS TWO YEARS.

Sentenced to Federal Prison for That Time by Federal Judge in St. Joseph.

Ben F. Carson, well known as a police character in Maryville, was sentenced Tuesday afternoon to two years in the federal penitentiary at Fort Leavenworth, Kan., by Judge Yan-Valkenburgh in federal court at St. Joseph. Carson was charged with white slavery. Lottie Pool was the prosecuting witness.

Carson and the Pool woman are known here, as they were arrested by the police authorities of Maryville during the summer, charged with living together. Their case was tried before Mayor Robey and both were fined \$25. Before they paid the fine both of them skipped out, and the first heard of them was at St. Joseph, when they were arrested by the police of that city. The Pool woman was brought back to Maryville to serve out her fine in the city jail, while Carson was held at St. Joseph on a white slave charge. Carson's attorney in the federal court was Wm. G. Sawyers.

TOOK COOMBS TO THE ASYLUM.

Young Man, Who Lives Near Clearmont, Became Violently Insane This Week.

Charles Coombs, about 30 years old, who became violently insane this week, was taken to the asylum at St. Joseph Tuesday morning by Sheriff Tilton. The condition of Coombs was examined by County Physician Martin and other doctors, and they were of the opinion that the man was insane and would harm himself if kept here. So it was decided to take him to the asylum, and the county court will pass on the case at their meeting in November. Coombs is a son of George Coombs of Clearmont, and the young man raised quite a disturbance in Maryville Monday night at the Thornton home. On Tuesday at the county jail he swore at everybody and tore up everything he could break. He told everyone he wanted his fiddle and his fiddle he was going to have.

FEW CASES OF IMPORTANCE

Are on the Docket for the November Term of Court.

The November term of circuit court, which will meet on Monday, November 11, is about the usual docket, caused so by a number of cases being continued from the June term of court, owing to the farmers being busy at that time. There will not be many cases of importance to come to trial, and there will be only a few sensational cases and these are not very important.

On the docket for this term will be eighteen parole cases, forty-six criminal cases, forty-five equity cases and one hundred and sixty-five cases altogether. There will also be eighteen divorce cases, this being the largest number of divorces on the docket.

Miss Mabel Martin went to St. Joseph Wednesday morning to visit a few days with the family of her brother, B. Raleigh Martin.

FOR CLEANER FOOD

EFFORTS OF MARYVILLE MERCHANTS IS ENDORSED.

MARYVILLE LADY SPEAKS

And Urges Milk and Meat Inspection, Cleaner Streets, the Cultivation of Flowers and Other Things.

Editor Democrat-Forum: In behalf of the honor of our city and the women who are working for the betterment of American life in every phase, I think that the efforts of our local merchants to give us clean, pure food should be encouraged and commended. The women's clubs, civic leagues, consumers' leagues and Dr. Harvey Wiley are working together in a great national movement for pure food, pure drugs, honest labels and honest weights.

We feel the influence of this here in Maryville. A local bakery has announced that all bread will be wrapped in a sealed wrapper as it comes from the oven. This is the most important move toward clean bread that could be made. Hereafter the bread crust will be free from dirt and contamination in handling. While this is one of the most important changes made in the interest of clean food, other merchants are to be commended for their efforts in this cause. Our candy stores have put in glass cases that protect the candy from the dirt of the street, and most of our grocery stores have ice boxes which preserve the fruits and keep them from the dust. Much has been accomplished in this fight for a clean food supply, and every citizen should show his appreciation and should encourage other needed reforms.

Let us work for clean streets, proper disposal of garbage and the beautification of our town by well kept lawns and the cultivation of flowers. Inspection of meat and of milk, while not as necessary here as in a large city, would be a good move toward clean food.

Let the women, who are the buyers of the country, insist on clean foods, explicit labels on all paper packages and tinned goods as to age, character, contents and exact weight, and the manufacturers will be compelled to comply with their demands.

Patent medicine fakers, dishonest labels, chemically preserved foods and unclean foods will be taken off the market as soon as public sentiment demands it.

As women of Maryville, let us encourage our merchants in this fight, and let us join in this great national crusade that means so much to our American homes.

A DAUGHTER OF THE AMERICAN REVOLUTION.

Mr. and Mrs. C. H. Donnafield and grandson, Harvey Edward Donnafield, of Garnett, Kan., who have been spending a few days with Mrs. Donnafield's parents, Mr. and Mrs. C. E. White, left for their home Tuesday evening.

WORK HAS BEGUN.

Repairing of Petty Residence by the Christian Scientists for a Place of Worship.

The work of remodeling the F. M. Petty residence, on South Main street by the Christian Scientist church of this city, who purchased the property for a church home, has commenced. The three rooms on the first floor on the south side of the residence are being made into a church auditorium for the present use of the members until they are able to remodel the building completely for church services.

The remainder of the residence has been leased to Mrs. N. F. Humber, who will occupy it for a residence.

THE PROGRESSIVE RALLY.

Candidates Norton and Robinson Discuss Platform and Issues.

The first Progressive political rally was held in Maryville Wednesday afternoon, and a good sized crowd was in attendance at the meeting, which was held in the court house.

The meeting was opened with divine blessing by Rev. C. H. John. N. Sisson, member of the Progressive party state committee, presided, and told what the purpose of the meeting was, being to discuss the Progressive party, its purposes and its platform.

F. P. Robinson of this city, who is the party's candidate for congressman, spoke in the interest of his candidacy for congressman. Mr. Robinson did not speak long.

Judge Albert D. Norton, the party's candidate for governor of Missouri, followed Mr. Robinson and spoke of the platform, going into details. He told of the pledge of the party to abolish night work for women and all factory work for children, and said "the big special interests that dominate the old parties don't want such legislation as proposed by the Progressive party. That's one reason why they oppose the party and are fighting Col. Roosevelt."

Judge Norton and Mr. Robinson left this afternoon after the meeting for St. Joseph, where they will speak this evening.

Returned to Their Homes.

Mrs. Ellis Lee of Wichita, Kan., and Miss Nan Hampton of Shell City, Mo., who were called to Maryville last week by the death of their sister, Mrs. F. W. Jacobs, left for their homes Wednesday. Miss Hampton stopped in Kansas City for a few days before going home.

Meetings at Guilford.

Rev. R. N. Roberts and Rev. C. E. Willie are holding nightly meetings in Guilford this week at the Latter Day Saints church. Next week the pastor of the M. E. church, South, Rev. S. E. Hoover, will have charge of a protracted meeting that will begin at his church at that place.

200 GUESTS COMING

ST. JOSEPH COMMERCE CLUB TO MAKE DINNER STAY HERE.

NO SPEECHES AT DINNER

Purpose is to Get Acquainted With Business Men and Time Will Be Used for That Purpose.

Thursday the Maryville Commercial club and citizens will be hosts to 200 members of the Commerce club of St. Joseph. The visitors will arrive in the city on a special train over the Burlington at 12:37 p. m. and will remain in Maryville two hours.

Arrangements have been completed by the club here for their entertainment. The guests will be met at the Burlington station by the board of directors of the club with fifty automobiles, and they will be taken for a short ride over the city before they eat dinner at the Christian church. The dinner will be served by the ladies of that church.

The purpose of the trip by the St. Joseph men is a get-acquainted trip. In this county the visitors will make stops at Barnard and Arkoe, and on leaving Maryville will stop at Pickering and Hopkins. They go as far as Bedford, where they take supper, and the return trip to St. Joseph will be made, leaving Bedford at 7:30 p. m. On their trip back to St. Joseph the special will probably stop at this city only a few minutes.

At the dinner to be given no speeches will be given, as the visitors are to spend their time in this city visiting and getting acquainted with the business men.

The special train to be used will be one of the finest ever sent out by the Burlington. J. D. Baker, division passenger agent at St. Joseph, will be in charge of the train and a large number of railroad men will be in the party. R. T. Forbes, president of the club, will also accompany the party. The club will also have a band and a quartet with them.

The railroad men that will be on the special are:

An Unusual Millinery Clearance

For ten days, beginning Thursday, Oct. 24, the general public know what to expect, when the Parisian advertises a clearance sale.

No goods kept in reserve—not an article in the house that is not reduced in price. We will not quote meaningless figures, for our past record of integrity and honesty is your guarantee of low prices. Every bit of this millinery is absolutely new and up-to-date, but our stock is too large, so in order to reduce it we are willing to sell at greatly reduced prices. This is your opportunity to secure a beautiful hat, cheap.

POLITICAL NOTES.

(From Democratic Bureau.)

The average tariff tax on cotton stockings is 7.10 per cent, which you must pay, or let your children go barefooted. And you are paying this tax, not to the government, but to Senator H. F. Lippitt of Rhode Island, who is in the senate for the purpose of protecting the cotton mill trust.

At their campaign opening in St. Louis the Republican state committee insulted Governor Hadley by impeaching his loyalty to his party. Governor Hadley insulted President Taft by asking him to make a pledge which would have amounted to a plea of guilty to the Chicago fraud, and John C. McKinley insulted the public intelligence by his plea for a convict labor printing plant.

Speaker John T. Barker, the Democratic nominee for attorney general, introduced a bill to provide assistance for county agricultural fairs. The Democratic legislature passed the bill. Governor Hadley vetoed it. But, in the face of that veto, the state Republican candidates now say (speaking through their platform) that they favor the development of our agricultural interests. Will any Missouri farmer believe them?

Mr. Taft, who is so rapturously endorsed by the Republican state platform and who is lauded to the skies in every speech made by John C. McKinley, is the same Mr. Taft who used all the power of his great office to carry through the reciprocity scheme whereby Canadian wheat was to be dumped into the American market free of duty. The only kind of a protective tariff Taft believes in is the kind that robs the farmer—and the farmer knows it.

The members responded to roll call with quotations from act 2 of Hamlet. Mrs. J. H. Cameron gave a splendid and kindly criticism of the previous meeting of the club. A rising vote of thanks was extended to Mrs. E. G. Orear for the great assistance she has rendered the division in conducting the parliament.

PAPE'S DIAPEPSIN
ENDS INDIGESTION.

Time It! No Sour, Gassy Stomach or Dyspepsia in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—Advertisement.

ary drill. After an interesting discussion of the business of the club the program for the afternoon was taken up.

Mrs. S. R. Beech gave the outline of act 2 of Hamlet. The questions assigned the various members were satisfactorily answered, and the discussion led by Mrs. Gallatin Craig. Miss Sheila Harris of St. Louis told most interestingly of her study of Hamlet under the late Mr. Walter Sheldon of her home city, and gave the members several valuable suggestions for further study of the play. Mrs. G. B. Holmes gave the word drill, and in the absence of Miss Dooley, her notes on current events were read by Mrs. J. F. Montgomery.

The next meeting of the Shakespeare division will be held with Mrs. G. B. Holmes on November 12, when act 3 of Hamlet will be studied.

Miss Helen Rankin to Wed.

Announcement of two weddings, one at Tarkio and the other at Maitland, will be of special interest to the young society folk of Maryville, who have personal acquaintance with parties to the wedding. The first one will be that of Miss Helen Rankin, daughter of Mr. and Mrs. W. F. Rankin of Tarkio, to Mr. James Blaine Shaum, also of Tarkio. The marriage will take place Thursday evening, October 24, at the home of the parents of the bride-elect. Mr. Shaum, the bridegroom-to-be, is the youngest son of B. F. Shaum of Tarkio, at one time a Maryville business man and in partnership in the hardware business with Judge John Curfman of Maryville. The young man is a successful real estate dealer. W. F. Rankin, the father of the bride-to-be, is well known in Maryville, as he is a member of the board of regents of the Normal. The second wedding is that of Miss Katherine Gelvin, daughter of Mr. and Mrs. D. A. Gelvin, to Mr. Walter Rankin, son of D. A. Rankin of Tarkio, which will take place at the bride's home on Tuesday, October 29. Mr. Rankin and Miss Rankin are cousins. A sister of Miss Gelvin, the bride-elect, Mrs. George Curfman of Salida, Col., is in Maryville on a visit to Mr. Curfman's parents, Judge and Mrs. John Curfman, and will go to Maitland in a few days to attend her sister's wedding.

THE DEATH OF ED ANDERSON.

Particulars of the Accidental Shooting That Ended Former Maryville Man's Life.

Maryville relatives have just received the particulars concerning the death of Edward Anderson of New Rockford, N. D., formerly of Maryville, who was accidentally shot one day last week. The following is the account from a New Rockford paper that gives the particulars of the accident:

New Rockford people were painfully shocked early Wednesday forenoon to learn that Contractor E. M. Anderson had been accidentally shot by Manager Louis Sundquist of the Welles Lumber company, and more than grieved when the unfortunate man died from the effects of his wound, about 11 o'clock the same night.

Soon after breakfast the two men were chatting with Manager C. H. Nobes of the Great Western elevator, when the trio noticed a weasel running over the lumber piles. It ducked and darted about over and between the boards and timbers, and came up with a mouse. Mr. Anderson suggested to Mr. Sundquist that he go and get his gun, a 22-calibre rifle, and shoot the frisky little animal. "Louie" at first demurred, but when Anderson and Nobes agreed to watch the weasel, he went to the office and came back with the weapon. Nobes was at one end of the lumber pile with a lath, and Anderson at the opposite end, similarly armed. Sundquist missed the first shot, when Anderson called to him to try again. Sundquist responded to "keep out of the way," and Anderson replied: "All right, shoot away!" This shot hit the weasel, killing it, and must have glanced while Anderson was once more "peeking" to see the result. The bullet struck him in the right eye, and he became unconscious soon after being taken into the lumber office.

Drs. McLachlan, MacKenzie and Crawford were hastily summoned, and found that the eye had been penetrated and torn out, and the bullet lodged in the base of the brain. The unfortunate man was taken in an auto to the home of Miss Roadson, where he never regained consciousness, passing away at 11 o'clock Wednesday night.

Mr. Anderson came to New Rockford early last spring from Aberdeen, S. D., to work at his trade of carpentering, and later began contract work on his own account. He was very popular and successful, and had decided to make his home in this city. Mrs. Anderson and three bright little daughters—the eldest 6 years of age—arrived here last week, and are overwhelmed by the sudden and tragic bereavement that has befallen them.

It is needless to attempt to express in mere words the great sorrow felt by Mr. Sundquist over the sad ending of the most distressing affair. He and Ed were warm friends, little thinking that their frequent companionship was fated to terminate in so terrible a manner.

Deceased was about 35 years of age. He was a member of the Modern Woodmen at Aberdeen, carrying \$2,000 protection for his family in that society.

The Womanly Woman.

There is nothing more truly lovable than the woman who is genuinely womanly. There is a charm in her femininity, no acquired grace can lend. Most especially in this age is the gentle, womanly woman ad-

mired, for girls seem to have a desire to be so manly, so loud, not only in mannerism, but in talk and dress, many choosing the sports of men in preference to the pastimes of women. The majority of men, I think, really prefer the quiet lady-like girl with a soft, sweet voice, an affectionate disposition, and the girl who knows how to be a little lady, not only in her manners but talk.

Loud talking and slang words are not for the lady-like girl, and although

one people tolerate loose manners, one-girls have, they do not really admire it.

Far more to be appreciated is the girl who openly avows that she likes nice clothes and is given over to many little feminine vanities, than the one who dresses so manishly, and who imitates the walk of her brother, though she may be able to discuss the most abstruse subjects with an air of confidence and knowledge that her elders

mean that one need adopt fads and follies indiscriminately. The woman who can make her home bright and attractive, who can be the model hostess as well as wife and mother, who is well informed and able to talk intelligently, yet who is wise enough to realize that woman's privileges are preferable to woman's right, is the one of woman we must all admire, and the one fit to be taken to any honorable man's heart.

NEW MEANING OF GOVERNMENT.

Woodrow Wilson Says Government Should "Keep House" for the Whole People.

In the November Woman's Home Companion, Woodrow Wilson, Democratic candidate for the presidency, writes an article entitled "The New Meaning of Government." Its central idea is that those whom we send to Washington to govern us ought to "keep house" for the whole people. The following is an extract:

"Every dollar that the government spends ought to be spent as carefully as if the resources of the country were limited. Every dollar of expenditure ought to mean something done or provided for the people. Waste is also weakness. Inefficiency brings confusion."

"It is part of the new meaning of government, therefore, that its resources are not to be put at the disposal of a governing class or of any limited set of governing influences, but that those who exercise its authority must 'keep house' for the whole people; must use the money raised by taxes as if it were expended in trust to produce the best possible results in the ordering and stimulation of our life."

It is an interesting circumstance that government is becoming less and less a business for politicians; that minds and energies of every kind are turning toward it as part of the general enterprise of life. The reason we want our government to be free from every kind of private or narrow control is that we want to have it see more things than it would see if it served only a few. Those who conduct it ought to have the vision of the nation itself--ought to be sensitive to impulses from every quarter. The statesman should sit down with the philanthropist, with the engineer, with the forest expert, with the student of soils and agricultural methods, with masters of technical and vocational education as well as with financiers and lawyers and manufacturers and merchants and those whose interests have usually been at the center of policy. Though he cannot himself keep the life of the nation as a whole in his mind, he can at least make sure that he is taking counsel with those who know, that his sympathies may be open upon every side, and that he may seek to serve civilization and humanity, not a party or any selfish program."

UGH! HOW CHILDREN

HATE CASTOR OIL.

To Clean the Little One's Stomach, Liver and Waste-Clogged Bowels Give Gentle 'Syrup of Figs.'

Look back at your childhood days. Remember the physic that mother insisted on--castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and thirty feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach ache; doesn't eat or rest well--remember--look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.--Advertisement.

LET ME SHOW YOU WYOMING!

You may have questioned some of the statements you have heard about the wonderful crop yields obtained by Wyoming farmers--particularly those in the Big Horn Basin, but if you will visit that country and talk with some of the farmers from Illinois, Iowa and Missouri who have settled there, you will readily understand why they feel so optimistic.

A former Iowa man recently wrote me as follows:

"I believe there is no better location in the west than just where I am, and I heartily advise my friends to look over the fine irrigated land that is open to entry on the Shell creek tract, if they are interested in acquiring a home in a progressive, rapidly developing locality. I have planted an apple orchard on part of my land and shall enlarge it considerably this next spring; during this past season I received returns that were more than satisfactory from quite an area which I truck farmed, in spite of the fact that this was 'the first year the land had been cultivated.'"

What this man has done is not at all unusual. There is no good reason why you can't do it, too, provided you get your place picked out before all the good land is taken up.

In order to make it easy for you to look this basin over without too much expense, the Burlington Route will run special home-seekers' excursions from Omaha on October 15th and November 5th. Can't you go with me and see for yourself just what the opportunities are in this section?

Just write me on what day you can go--a postal will do, and I will send you our folder and tell you just how and where to meet me in Omaha. D. Clem Deaver, Immigration agent, Burlington Route, room 338, Q building, Omaha, Neb.
